Disconnected, its the way that I wanted it to be
The Cult Electric is my favorite record of the week
Cause I'm not feeling sweet
But I can't say that when everyone is so judgmental
And I can't play back all the times when you were
gentle
Cause even you can't be true
It's astounding what love can do to a city
Laurel Canyon was the best place for you and me to be
I chose the curtains and I dreamed a dream of
domesticity
What a freak you made of me
Now I'm on Zoloft because you told me I was crazy
And I won't jump cause now I know you'd never catch
me
And I can't leave you because you swore you'd never
let me
But even you, talk shit too.
It's January when I jumped the fence of your backyard
Finish the fairy tale that you were drunk enough to start
It's kind of scary when your lover leaves you for a
movie star
But I'm still in the dark

But you have trained to watch my back and drop my standards

And you have shamed me since the first time you were with her

And you cant make me love your band or buy your records

Cause you have tainted my respect for your adventures

And you will never have the chance to trace my features

And you will never make me feel like such a loser

And you can have the past 'cause I'm in love with the future

I'm in love with the future

And I have met a boy

Who makes you look so shallow (I'm in love with the future)

And there is so much time

And so much space to travel (I'm in love with the future)

And I will make the climb and I will kiss the gravel (I'm in love with the future)

(Touch the sky) (It's kinda scary)

And I will kiss the gravel (I'm in love with the future)

(Touch the sky) (It's kinda scary)

And I will kiss the gravel

I'll touch the sky

I'll touch the sky

Watch me..watch me

I'll touch the sky

I'll touch...

The sky..the sky
