I wind you up then i wait here for the melancholy
I give you up while you sit here in all your glory
I never thought you would
I never knew you could
but now your gone and i don't think i care
I sold your love down the river for a bow and arrow
Euphoria has just been here and she's looking terrible
I never sunk this low
It's better if you go
When you're nearby i'm weak and i want you try
To love me like a monster
One last time
Control me like a father
One last time
Stay with me till i'm stronger
One last round to kick me when i'm down
Don't kick me when im down
I never thought you would
I never understood and that's why
I'm weak and I want you to try
To make me an example

One last time

To drag me through the cycle

One last time

To make me a disciple

One last round

Will get me to the ground

You'll get me on the ground

You, i'll see you around

Ya, i'll see you around

One last time

and i'll see you around

Ya, i'll see you around

Na Na Na Na Na Na Na Na Na Na Na Na Na Na Na Na (x9)
