Miss America do we infect  
well can I ask you is that perfect  
when all the smiles make us frown  
and I dont wanna be here  
wanna stick around  
we all fall down and we dont care  
cause I hate you  
and you hate me too  
we dont care what people say we dont even try  
just spit it out cause im revved up  
and three is one too much  
when all the smiles make us frown  
and I dont wanna be here  
wanna stick around  
we all fall down and we dont care  
cause I hate you and we hate  
cause we want to (x3)  
and I don't understand anything you do  
we all fall down (x2)  
and I dont wanna stick around  
straight, straight through and around

cause I hate you

hate you (x4)

I hate you

hate you (x7
