You should know that I love you
I can't help but fall for you
Oh honey I'm just a fool
Now you know
Darling, I'll never be true
You see, for so long I was blue
I'm not the lonley one
And if I hurt, then you would too
Oh honey I always lose
Now you know
Lover, when will you
I'm afraid no one will
Lover, can't find you
I swear to god don't leave me here
Now you know
Only you know it can't be
When no one else really means
Anything to me
If you hurt inside
If you confide in me again
Since you ran away

Hold me now, tell me how

Nothing's lost

Lover, when will you

I'm so afraid no one will

Lover can't find you

And no one knows what brings us here

Lover, Hold me now, Hold me now

Tell me how, Nothing's lost
