Bright you are

Bigger than the both of us

Though I'm a star

I can't burn that bright

Tiger car swerving forward into us

Now here we are sleeper car

Now you're backing into me

Oh where you are, feels good for now

Although my arms ache harder than they ever have

You drive so far sleeper Car

Now you're backing into me

Oh where you are

Feels good for now Sleeper car

Now your backing into me

Now your backing into me

Now your backing into me

Sleeper car

Now your backing into me

Oh where you are, feels good for now

Although my arms ache harder than they ever have

You drive so far

Yeah

You drive so far

You drive so hard

You drive so hard
