Found a place where we can talk  
I found a way to reach a little ground  
keep your castle in my sandbox  
build it up so we can burn it down  
anyway I love my man  
love to keep him spinning round and round  
keep him feeling love for my hand  
any way to turn him inside out  
I don't wanna go down like the sunlight  
I don't wanna go out like the moonlight  
I don't wanna be found at the sound of the bell  
the sound of the bell  
the sound of the bell  
meet me up and down again  
every time is sweeter than the last  
once you get a taste of impact  
you're always hungry for the crash  
I don't wanna go down like the sunlight  
I don't wanna go out like the moonlight  
I don't wanna be found at the sound of the bell  
the sound of the bell

the sound of the bell  
and this is everything  
I have loved  
yeah, I have loved  
break...  
my...  
heart...  
down, I don't wanna go down like the sunlight  
I don't wanna go out like the moonlight  
I don't wanna be found at the sound of the bell  
the sound of the bell  
the sound of the bell  
I don't wanna go down like the sunlight  
I don't wanna go out like the moonlight  
I don't wanna be found at the sound of the bell  
the sound of the bell  
the sound of the bell  
yeah...  
(I don't wanna be found in the sunshine  
I don't wanna be dim like a night light  
I don't wanna be down like the sunlight  
I don't wanna go out like the moonlight
