You've been the first in my life
Who has ever made me feel this way
And I will not deny
I really need you right here by my side

(Baby I can't wait)
Come and hold your hand and let me lead the way
(I'll take your breath away)
Holdin' you, kissin' you, lovin' you, touchin' you
(Never will be too late)
To see myself through your eyes
(Baby I can't wait)
Until the day I hear you say

You are mine
There's no other one for me
Keep in mind
You make my life complete
And tonight
We'll make love endlessly
'Cause you're mine
You're the one that I'll keep for all time

Now that you're here boy
I'm never gonna let you go
Can I touch you there, boy
Do you mind if we kiss real slow
You're my everything
You're my hopes and dreams
Baby you know it ain't no lie
I'm gonna be with you 'til the day that I die

(Baby I can't wait)
Come and hold your hand and let me lead the way
(I'll take your breath away)
Holdin' you, kissin' you. lovin' you, touchin' you
(Never will be too late)
To see myself through your eyes
(Baby I can't wait) No, no
Until the day I hear you say

You are mine
There's no other one for me
Keep in mind
You make my life complete
And tonight
We'll make love endlessly
'Cause you're mine
You're the one that I'll keep for all time

You're the one who lights my fire
You're the one who keeps me strong
You're the one that I depend on
When my world is goin' wrong
You're the one that I hold closer
You're the man I'm dreamin' of
And I really really love you
I just want you to know that

You are mine
There's no other one for me
Keep in mind (keep in mind)
You make my life complete
And tonight
We'll make love endlessly
'Cause you're mine
You're the one that I'll keep for all time

I can't wait
'Til the day
When I hear you say
You're the one that I need
You're the one that I'll keep
For all time
