come with me on the journey under the skin
come with me on the journey under the skin
we will look together for the pan within
close your eyes breath slow & we will begin
close your eyes breath slow & we will begin
to look together for the pan within, within.... ohhhh

swing your hips, loose your head & let it spin
swing your hips, loose your head & let it spin
we will look together for the pan within
close your eyes breath slow & we will begin
close your eyes breath slow & we will begin
to look together for the pan within, within.... ohhhh

put your to my window, free the night full treasure
the wind is delicious, sweet & wild with promise of
pleasure
the stars are alive, a night like this
were born to be, sanctify by you & me
lovers, thieves, fools & pretenders
and all we gonna do, all we gonna do,, all we gonna
do, all we gonna do
all we gonna do is surrender
