She is so beautiful
I've got no words to describe
The way she makes me feel inside

I'm flying solo
As free and as light as a bird
Yet I could lay my wings down in a moment
To guard and comfort her

She is so beautiful
Light filled, loving and wise
Laughter dancing in her eyes

All my road is before me
And I never did plan on a wife
Yet she's the most beautiful soul
I ever have met in this life

For she is like a song
She is like a ray of light
She is like children praying
Like harps and bells and cymbals playing

And she is like a wind
Moving, soothing, bringing joy
And here am I, destroyed

She is so beautiful
I don't know what I'm going to do when I leave
Except grieve
