Where are you tonight?  
I see no reason why  
you aren't here with me  
and I'm stuck here missin' you  
offer's open tonight  
for the rest of my life  
I wanna be the one who wakes up next to you

I'll just convince myself  
that all the other boys who wanna get with you  
don't even matter to you  
'Cause you're waiting on me  
do do do do do do do do do do do do do do do do do  
do  
Baby I'm in love with you  
do do do do do do do do do do do do do do do do do  
do  
Baby I'm in love with you

Girl I figured it out that you're best  
Pack your bags  
Because tonight we're leaving  
Clear your mind of all doubt  
And we're never coming back  
Do you mind if I'll go  
We'll start our new life with  
The stars as our blanket  
And the sand beneath our toes  
As we stare at the sunrise  
We'll laugh at all our last relationships  
And how we ended up here  
I'm sure this came with you  
Everytime I sat right outside your house  
I realized you don't know I'm alive

I'll just convince myself  
That all the other boys who wanna get with you  
Don't even matter to you  
'Cause you're waiting on me  
Do do do do do do do do do do do do do do do do do  
do

Baby I'm in love with you  
Do do do do do do do do do do do do do do do do do  
do  
Baby I'm in love with you

If there was something I could say  
To make you to turn and look my way  
I'd still be in love with you  
Baby I'm in love with you  
I wish I could tell you so  
I wonder if you'll ever know  
'Cause I'm in love with you  
Baby I'm in love with you
