She's gonna gonna leave you in the summertime  
Her friends are better and she'll say goodbye  
It's a 3-month girls night out  
You'll find the goddess Venus is in retrograde  
She's gonna stay hidden 'til a later date  
You're on your own for now

She's just being gay  
Not gay in the usual sense of the word  
But she might as well be  
She'll try to break it off with you  
She won't even talk to you  
She won't even offer you a reason  
She'll be back  
Don't have a fucking heart attack

I'll catch ya catch ya later, baby  
I'll catch ya catch ya later, baby  
I'll be that much insaner, maybe

So you'd better get ready for some lonely nights  
Try to figure out, but it's a losing fight  
Just exactly what went down

She's just being gay  
Not gay in the usual sense of the word  
But she might as well be  
She'll try to break it off with you  
She won't even talk to you  
She won't even offer you a reason  
She'll be back  
Don't have a fucking heart attack

Somebody, SCREAM!

I'll catch ya catch ya later, baby  
I'll catch ya catch ya later, baby  
I'll be that much insaner, maybe

She's just being gay (yeah she's just being gay)  
Yeah she's just being gay

She's just being gay (she's just being gay)  
Yeah She's just being gay (yeah she's just being gay)  
She's just being,  
She's just being gay

She's just being gay  
Not gay in the usual, sense of the word  
But she might as well be  
She'll try to break it off with you  
She won't even talk to you she won't even offer you a  
reason  
She'll be back,  
She'll be back,  
She'll be back,  
She'll be back

Don't have a fucking heart attack
