Girl, where are you tonight?  
I see no reason why you aren't here with me,  
and I'm stuck here missing you.  
The offer's open all night,  
and for the rest of my life  
I want to be the one who wakes up next to you.

I'll just convince myself  
that all the  
other boys who want to get with you  
aren't going to matter to you  
because you're waiting on me.  
Katie I'm in love with you.  
Katie I'm in love with you.

Girl, I figured it out.  
pack your bags  
because tonight we're leaving and we're never coming  
back.  
clear your mind of all doubt.  
we'll start our new life with the stars as our blankets,  
and the sand beneath our toes.  
and as we stare at the sunrise,  
we'll laugh at all our past relationships,  
and how we ended up here.  
I'd share this plan with you,  
every time I psych myself to call your house  
I realize you don't know I'm alive.

I'll just convince myself  
that all the  
other boys who want to get with you  
aren't going to matter to you  
because you're waiting on me.  
Katie I'm in love with you.  
Katie I'm in love with you.

If there's nothing I can say to make you turn and look  
my way,  
I'll still be in love with you  
Katie, I'm in love with you.

I see you at every show.  
I wonder if you'll ever know  
that I'm in love with you  
Katie I'm in love with you
