I never gave you all that you needed
I'm so full of me, I forgot about you, babe
this time apart gives you time to see that
all your new guy friends wouldn't treat you like that

You're champagne and I guess I'm shit
and looking back I guess I see why you went through
with it
and now this coming to terms has me blaming myself
and not you
if I can ever get to see you
know this time that we'll be on a different level
now that I can relate to your opinion of me

I never gave you all that you needed
I'm so full of me, I forgot about you, babe
this time apart gives me time to see that
all your new guy friends wouldn't treat you like that

When you called me and spoke about him
I thought you lied to me or changed your mind on a
whim
but once the nausea passed it all fell into place for me
he's a dreamcast and I'm atari
and I'm a dork for even using that analogy
and its abundantly clear why you made that choice last
may

I never gave you all that you needed
I'm so full of me, I forgot about you, babe
this time apart gives you time to see that
all your new guy friends wouldn't treat you like that

You've moved on its for the best

I never gave you all that you needed
I'm so full of me, I forgot about you, babe
this time apart gives you time to see that
all your new guy friends wouldn't treat you like that

I never gave you all that you needed

I'm so full of me, I forgot about you, babe
this time apart gives you time to see that
all your new guy friends wouldn't treat you like that
