Easy come, easy gone, we knew they'd leave us all
along. Now we cook our own tea and we don't sign on.
And the week never starts round here, raise your cider,
and I'll raise my beer. Easy come, easy gone, kiss a girl
then write a song. Enjoy it while you can 'cause it won't
last long. And the week never starts round here, raise
your cider, and I'll raise my beer. Easy come, easy
gone, simple as this stupid song. Now your cupboard's
clean you can carry on. And the week never starts
round here, raise your cider, and I'll raise my beer.
