Find my heart at the bottom of the well I'm in  
Find my heart  
Lower Your strong hand down and rescue me  
Rescue me

It's just like You to bring light into darkness  
It's just like You, Lord it's just like You  
It's just like You to bring light into darkness  
It's just like You, Lord it's just like You

See my soul in the place I fell into  
See my soul  
Lift my head from the shame I've bowed down to  
Lift my head

It's just like You to bring beauty to ashes  
It's just like You, Lord it's just like You  
It's just like You to bring beauty to ashes  
It's just like You, Lord it's just like You

And I've been trying my whole life  
To be good without the cross  
But all that I have gained  
Is this emptiness and loss

So speak to me in my hopeless lonely place  
Speak to me  
Raise me up when no hope seems to remain  
Raise me up

It's just like to bring life to these dry bones  
It's just like You, Lord it's just like You  
It's just like You to bring life to these dry bones  
It's just like You, Lord it's just like You

It's just like You to bring beauty to ashes  
It's just like You, Lord it's just like You  
It's just like You to bring beauty to ashes  
It's just like You, Lord it's just like You

It's just like You to bring light into darkness  
It's just like You, Lord it's just like You

It's just like You to bring light into darkness  
It's just like You, Lord it's just like You
