Whatever thing that I have carried in this place
That will keep me from you
I will lay it at your feet
Whatever burden I have carried for so long
That will keep me from seeing you
I will lay it down right now

All of the things that are cluttering my mind
I will push them far from here
And listen for your voice
All of the pain that I am carrying inside
I will hand it to you
You will take it, set me free, I will fly
I need to hear you speak to me
And I want to feel you in this place
You long to take me in your arms of love
So take me in your arms of love
