Call

You called  
I was busy  
A few minutes later  
I was ready  
To call you

You told me  
To hold on  
I said sure why not  
Your voice was so strong  
I though something was wrong

Chorus: I was waiting a long time  
Until you came back in my life  
Ill hope that you stay forever  
Not gonna let you go now  
Cuz I got a lot of things to say  
So please stay and listen

I waiting for a bout 30 minutes  
And I wasnt gonna wait all day (yeah)  
You left me to say  
What was goin on  
You led me to believe  
I heard a womens voice in the background  
Yellin what hell is Wrong

Chorus: I was waiting a long time  
Until you turned it around  
Ill hope that you leave me forever  
wanna let you go now  
Cuz I got a lot of things to say  
So please stay and listen

You say you love me  
I must have been a fool  
To let you kno  
That I cared  
When your with someone

Ive had enough

If you dont want to listen (listen)  
I wont say a word to you  
I thought that you cared about me  
Not enough to love me so  
I bough u a present  
But now its worthless  
You gave my heart away  
Like a broken arrow  
Im not enough to blame  
I couldnt help myself to think  
That if I was good enough for you (good enough for  
you)

Chorus: I was waiting a long time  
Until you turned it around  
Ill hope that you leave me forever  
wanna let you go now  
Cuz I got a lot of things to say  
So please stay and listen
