I'm just like anybody else
Let's start it once again
I'm just like anybody else
Yes I am

And if I thought this to an end
It meant that nothing is ever meant
And if I thought this to an end
It meant that you never
You never have been my friend

How can you dance when my legs are bleeding
How can you whisper when I feel like screaming

This is the perfect tragedy
This is sugar coated madness dear
This is the perfect tragedy
Sugar coated fear

And if you never realize me
It doesn't matter anyway
I tried my revelation now
And you'll try your one then

Yes, you really had your chance
To win something right here
Crashed girl goodbye baby bye, bye

Don't want you
Don't need you
Don't ever want you back

How can you dance when my legs are bleeding
How can you whisper when I feel like screaming

This is the perfect tragedy
This is sugar coated madness dear
This is the perfect tragedy
Sugar coated fear

This is the perfect tragedy
This is sugar coated madness dear

This is the perfect tragedy
Sugar coated fear
