The more I get alone  
The more I see I need to get alone more, more  
Cause just when I think that I'm alone  
Your Spirit calls out to me  
And even silence has a song  
Cause that's when You come  
Sing over me  
Still, let me be still  
Let me be okay  
With the quiet in my heart  
Still, I want to be still  
I'm so quick to move  
Instead of listening to You  
Shut my mouth  
Crush my pride  
Give me the tears  
Of a broken life  
Still  
Of this world, it falls around me  
And flutters all it's beauty in my eyes  
But let me choose the solitude  
Simplicity has always simply changed my life  
Cause even stillness makes me move  
Cause that's when my heart  
Learns to dance with you  
Still, let me be still  
Let me be okay  
With the quiet in my heart  
Still, I want to be still  
I'm so quick to move  
Instead of listening to You  
I'm your child  
Tame my heart  
Obedience  
To me impart  
Still  
La la la la la. hold me  
La la la la la, cleanse me  
La la la la la, change me, oh God  
Change me while I am  
Still, let me be still

And know that you are God  
And You're always enough  
Still, I want to be still  
To take all that I am  
And simply lift it up  
Shut my mouth  
Crush my pride  
Give me the tears  
Of a broken life  
Still... Still.. Still.. Still...
