Lord you are my light and my salvation  
Whom shall I fear if you are near  
Lord you are my peace when there is war all around me  
And even here inside me I will have no fear  
Oh Lord you're my protection from my enemies  
You set me high upon a rock and You defend my soul  
And when their ways advance against me  
I am confident that they cannot make me less, for you  
have made me whole  
O Lord, you are my stronghold  
You are my stronghold  
Lord you are my strength so let my head be lifted up  
That I may glory in the ways you've overcome  
Lord you are my home because you've created in me,  
A heart that lives the victory that you've already won  
(x2)  
Oh Lord you're my protection from my enemies  
You set me high upon a rock and You defend my soul  
And when their ways advance against me  
I am confident that they cannot make me less, for you  
have made me whole  
O Lord, you are my stronghold  
You are my stronghold
