Been there, done that
One time too many
This time I'm hoping
You won't come back to me, jenny
Oh, when you get lonely, girl
And you come on so sweet
When things get better, baby
You start to retreat

(Chorus)
So Jennifer goodbye (Goodbye)
Don't wanna figure out why anymore (No more)
Don't wanna be your fallback guy (Bye bye)
I'm gonna take care of me (Jennifer goodbye)

There's been many nights
When the pain was so strong (What could I do now?)
And I waited for your call
All night long (Waiting for you now)
Then you'd come back girl (Ooh...)
With that look in your eyes (Ooh...)
And I'd always forgive you baby (Ooh...)
When you'd apologize

(Chorus)

Lessons get learnt the hard way, I guess
Each time you'd walk away girl I was a mess
(Jennifer goodbye)
Crying the night away, I must confess
I thought that you cared (Ooh...)
But you couldn't care less (Goodbye, goodbye...)

(Chorus)

Don't come around with all your charms (Goodbye)
Not gonna let you in my arms (No more)
This time will be different you'll see (Bye bye)
'Cause I'm gonna take care of me (Jennifer goodbye)
I'm gonna take care of me (Jennifer...)
I'm gonna take care of me
