"Nothing Without You"

How is the sun shining on its own?
How does the song bird learn its song?
I could search the world both high and low
There are so many answers I will never know

Our world is beautiful
But I think it would be nothing without You
Life is wonderful
It moves my soul
But I know I'd be nothing without You
Without You

When the sower starts to sow
How does the flower start to grow?
Why do the weeds then start to choke?
In the same bed is death and life below

Time is cavalier
A one-track mind to persevere but
Soon it will crumble in the dirt
So choose this day whom you will serve

Our world is beautiful
But I think it would be nothing without You
Life is wonderful
It moves my soul
But I know I'd be nothing without You
(I'd be nothing without You)

Our world is beautiful
But I think it would be nothing without You
Life is wonderful
It moves my soul
But I know I'd be nothing without You

Our world is beautiful
But I think it would be nothing without You
Life is wonderful
It moves my soul
But I know I'd be nothing without You
I'd be nothing without You

Oh my God, I'm nothing without You
