Dropped into a sea, history awaits us.
This is not a dream,
This could be what makes us.
Look at the second hand, it's reaching out to rob us
To complicate our plans
But we won't let it stop us.

Look look up in the sky
You're lifting off the ground
Into the silver lining
Look look this is your day
This is here and now
Don't let it slip away

Plunge into the deep
Taste infinite color
Opportunity is there to be discovered
One of open skies
Life that has no limit
It's right before your eyes
You just have to live it.

Look look up in the sky
You're lifting off the ground
Into the silver lining
Look look this is your day
This is here and now
Don't let it slip away
[repeat 4x]

Don't let it slip away
