I saw love, deeper than the Pacific,
I saw love, burning brighter
Than a million stars, in a single line
You make alive, anyone who feels it
You bring to mind everything that's beautiful in this life,
I find who I wanna be inside Your eyes,
Inside Your mind, yea, I need Your life
'Cause I'm living just to love You, and,

I saw, You glowing like a streetlight and,
I fell, in love just tryin' to understand
Why You loved me first.
Your heart, is all I ever want to know,
And I'll go, anywhere You want to go,
You're shining bright.
You're my streetlight.

Am I out of control?
Or do I have a vision to change the world?
Am I looking for means to pave the way,
For brighter days?
'Cause Your love has changed the way it used to be.
'Cause it used to be
I couldn't see five feet in front of me,
Fighting to breathe under heavy seas of incompletes
And tired dreams,
'Til You finally took me over, and,

I saw, You glowing like a streetlight and,
I fell, in love just tryin' to understand
Why You loved me first.
Your heart, is all I ever want to know
And I'll go, anywhere You want to go,
You're shining bright.
You're my streetlight.

I can see the stars,
The clouds are gone
The world is at our fingertips.
I'll be waiting for,
Waiting for You.

Take me where You want
I'll go!

I saw, You glowing like a streetlight and,
I fell, in love just tryin' to understand
Why You loved me first.
Your heart is all I ever want to know,
And I'll go, anywhere You want to go,
You're shining bright.
You're my streetlight.
