I should have seen it coming since I got off the phone  
I should have seen it coming since you got off that  
plane  
And if you're leaving me baby please don't call me in  
vain  
I'll blues myself

Should have seen it coming since you came to stay  
Should have seen it coming by the look on your face  
If you're leave me baby please don't call me in vain  
I'll blues myself  
I'll blues myself

Don't apologize for the rain it's not your fault  
And if you're leaving me baby please don't call me in  
vain  
I'll blues myself

If you're leaving me baby please don't call me in vain  
I'll blues myself

Should have seen it coming by the look on your face  
Should have seen it coming since you were around

If you're leaving me baby please don't call me in vain  
I'll blues myself  
I'll blues myself  
I'll blues myself  
I'll blues myself
