Jumped on a plane from Green Bay headed out to LA
To see my attorney and see if he could get me a deal
California here I come margarita's in the sun
Went to the rainbow room with my mate Jenny Labow

Float like a butterfly sting like a bee
It's almost half past 12 and I'm already leathered
I live the dream cause I'm finding out
What's really going on out here

Got an invitation to party on a Satday night
If I'm not playing somewhere I'll join you and your
traveling show
And all the girls they said to me that they were happy
as can be
I must admit I do my best I really failed the test

Float like a butterfly sting like a bee
You can trust me with your business when I'm
motivated
I, I live the dream cause I'm finding out
What's really going on out here, out here

Float like a butterfly sting like a bee
It's almost half past 12 and I'm already leathered
I live the dream cause I'm finding out
What's really going on out here
