"In A Little While"

Visit "[In A Little While](#)" on MotoLyrics.com

In a little while I'll be making some progress
In a little while I'll be finding my feet
In a little while I'll be making good money
In a little while I'll be finding my way

Hold me in your arms cause I've been searching
For someone like you
And if you'll just wait and see me in motion
I'll be finding, finding my way

In a little while I'll be feeding my children
In a little while I'll be happy with me
In a little while I'll be making you joyful
In a little while we'll be riding our wave

Hold me in your arms cause I've been searching
For someone like you
And if you'll just wait and see me in motion
I'll be finding, finding my way
My way
My way

In a little while I'll be finding my way
