I think about you for hours on end
Maybe it's only all inside my head
But I feel the difference
I feel the distance
Even when you're close to me

You always tell me that there's nothing wrong
Neurotic minds have a life of their own
And I'm guilty, yeah I'm filthy
For blaming it all on you, all on you

As we get closer
I finally see
It's not you, baby
It's my jealousy

So please, understand me
I guess I'm just undeniably human
Love me
That's what I need
That makes me undeniably human

I called you up to apologize
I called you up to get things right
It aint' easy
Feeling sleazy
When you're such an angel

As we get closer
Day after day
You might find out
That I'm just a little bit strange

So please, understand me
I guess I'm just undeniably human
Love me
That's what I need
That makes me undeniably human

Human x3

Oh, please, understand me
I guess I'm just undeniably human
Love me
That's what I need
That makes me undeniably human

Oh, please
Understand me
I guess I'm just undeniably human
Oh, Babe
I hurt and I bleed
That makes me undeniably human

Undeniably human
Undeniably human
ohhh
Undeniably human
