Sittin in traffic another day of feeling nothing
Trying to find something I guess it's back to huffin'
Paint and model glue oh how I die when I look
At you smilin' lovin' life and all I know is blue
Rainy days and cold stares broken love affairs
Everything's beautiful as long as I ain't there
I guess I wasn't meant to crack a smile who cares
I think I'll go to sleep for a while now

I'm barely livin' in my skin depression's my only friend
And I don't know where I am heading tryin' to forget
where I've been
And I'm so sick of lying God please shwo me that silver
lining
Cuz I've heard tale and I'm not well my heads full of
hell and
This world's a jail but

And it don't matter and I don't care
I let my pain into the air
Cuz everything good's over there
And everything here's hard to bear
And it don't matter and I don't care
I let my pain into the air
Cuz everything good's over there
And everything here's hard to bear

And as the apin begins to displace had it to ear level
With this place you see it on my face a state of
suspended grace
Gradually I erase and find comfort in the sickest womb
I might be present but no in the room
To whom it may consume melting ensembles bleeding
chellos running through
Bordellos drama
Like Othello hidin' out from Poncharello
Dead off in the Median
Fallin apart like usual handin' out flyers to my funeral

So they say that life's a play and that all the world's a
stage

Then for another part I pray the show ends the same
way everyday
And my heart carries the pain of a brain I can't explain
Am I insane
Am I insane

And it don't matter and I don't care
I let my pain into the air
Cuz everything good's over there
And everything here's hard to bear
And it don't matter and I don't care
I let my pain into the air
Cuz everything good's over there
And everything here's hard to bear

And everything good is gone
And everything good is gone
And everything good is gone
And everything bad is here
And everything bad is here
And everything bad is here
It doesn't really matter now does it

And it don't matter and I don't care
I let my pain into the air
Cuz everything good's over there
And everything here's hard to bear
And it don't matter and I don't care
I let my pain into the air
Cuz everything good's over there
And everything here's hard to bear
