[Pilot over PA]

"Folks I know you're all dying to know how long--
I cannot answer that now. We're gonna have to remain
as technicians come over
and take a look at it and uh once that's done, then we'll
give you an estimate
I'd say it's probably at least uh 15 minutes or so."

[Verse 1]

It's like all of Franklin Avenue now sleeps upon my
chest--my chest
I've used cigarette butts and loose leaves to build my
nest--build my nest
Did I mention I appreciate the way you treat your
guests?--guess not
But I'm not really convinced when you say that you're
impressed--hell no
The line between MC and comedian gets a little thinner-
-little thinner
Now it's nothing but ruffage for lunch and punchlines
for dinner--feed me
I've tried to open the blinds to let in some sunshine
Wound the watch 'til it broke all in hopes of stopping
the time

[Chorus]

The key broke off in the ignition humping if I wandered
off through my thoughts wishing
Hoping this could be for you but it is for me patiently I
stay busy, I wait, I see (X2)

It's the sure shot (X6)

[Verse 2]

See it's simple--simple, it's not that I want to make it
ripple--ripple
But I feel I'm only being civil--civil
When I sit back and giggle like the rest it's the ritalin-a-
fest!

I'm stressed--stressed, but most of 'em would never
guess--never guess
That I'm closing in upon the dredge
Why? Cause I think it'd be best for the who? To hide the
mess from who?
It's all true--it's all true not good but I know it'll do--it'll
do
Still trying to reach the kid in you
So I may continue to find why this childproof's so wild
I smile--smile, tired, I walked a thousand miles--miles
wired over the thoughts I've dialed--dialed
Inspired by the monsters, the files of life full of stars
and stripes

[Chorus]

(Chorus End)

If you wanna sleep with me and talk about existence
We'll need more than 15 minutes
I'll tell you what let's forget about the fame
Push pause on the game and get to know each other by
our real names
If you wanna sleep with me and talk about existence
We'll need more than 15 minutes
I'll tell you what let's forget about the fame
Push pause on the game and get to know each other by
our first names
If you wanna sit with me and talk about existence
We'll need more than 15 minutes
I'll tell you what let's forget about the fame
Push pause on the game...What the fuck's your name?
