All the days are gone and my hope is drowning
In a pool of thirst for life, like a sea that
Hopes for land. Ill be there for always, and
Ill be there to count my dreams for all my things
My love, don't you walk away, don't you
Walk away... from me.

The lights are going down, and all the children
Playing on that grey merry-go-round, it's
Making my mind close down, its making my
Mind close... down

And I might as well wait for all of my dreams,
They're closing down, and all of the things that
Mean a lot to me...

If you feel the need to cry, call me over
And wake me up and tell me about your
Life, don't be shy, Ill tell you all about mine,
Don't be shy, don't be... shy

And I might as well wait for all of my dreams,
They're closing down, and all of the things that
Mean a lot to me...

All around the world, I see them all pretending,
Miming fame, its time for me to say, I'm holding on,
I'm holding on, I'm holding on...

And I might as well wait for all of my dreams,
They're closing down, and all of the things that
Mean a lot to me...
