Do shots first, ask questions later on  
And tomorrow morning figure out where it all went  
wrong  
See if we can try to stay the hell out of our own way  
I feel like I've known you my whole life  
My life didn't start until tonight

Now we're feeling so good  
We're feeling so fine  
Until tomorrow, but that's just some other time

And this is totally obvious  
Obviously wrong  
I gotta know how this ends, so go on

Back to your place after the bars close  
And I'm feeling strangely turned on at the sight of your  
dirty clothes  
Critiquing your refrigerator magnet poetry  
Smelling the latest issue of Seventeen  
Wondering how all this will read in your diary

I ask your Magic 8 Ball  
But I know what I'll get  
Could this be the real thing?  
It says, Don't Count on It.

Together but somehow alone  
We go on

This is totally obvious  
Obviously wrong  
But this is turning me on  
I gotta know how this ends, so go on
