Yesterday again  
And I don't know where to run to  
Just as you think things are changing  
It's yesterday again,  
It's yesterday again, time must be standing still,  
I think it's time for me to settle down  
It's yesterday again  
I don't know what's in store for me and I don't think I  
care  
It's yesterday again  
Yesterday again, I'm trying not to run away from life  
Or could it be that I'm in search of it  
It's yesterday again  
It's yesterday again,  
Why is it that all the bad things come to life  
When you least need them  
Of course  
It's yesterday again  
'cos I don't know what's in store for me and I,  
I don't think care  
It's yesterday again
