Did you see this coming
From somewhere far away?
Standing in a shadow
Just wanting me to stay

Just a little longer
But then I'll have to run
From everything I stood for
From everything you've done

From anyone but you
From anyone but you

The farther I keep running
To try and hide my place
I just can't stop forgetting
I only see your face

I'm sick of being inward
I'm tired of my thoughts
I never wanted to be
With anyone but you
With anyone but you

Now I wake up sweating
Like a freight train through the rain
Like a lost ship on the ocean
Or a runaway jet plane

I'm pleading with my anger
I'm twisting in my sleep
In need of some direction
Just anything to keep

Anyone but you
From anyone but you

Did you see this coming
From somewhere far away?
Standing in a shadow
Just wanting me to stay

I'm sick of being inward
I'm tired of my thoughts
I never wanted to be
With anyone but you
With anyone but you

With anyone but you
With anyone but you
With anyone
With anyone
With anyone
With anyone but you
