f you need water  
I'm your rain  
If you need fire  
I'm your flame  
If you're resisting to go or stay  
Let all the angels take you away  
I will carry you to the end  
When life is broken all will mend  
If where I'm walking isn't far enough  
then I'll walk farther  
if you need water  
I'm your rain  
If you need fire  
I'm your flame  
I hope our children remember this good  
we threw those ashes  
and there we stood  
as tears fall off our faces  
as tears fall off our faces  
off our faces
