She paints pictures of the sky
She hides feelings in her eyes
She dances behind shadows
You'll be there when she needs you

When she smiles at you
She smiles at me
When she smiles at you
She smiles at me

Foreign countries on a wall
Left over from a dream
All places I've never been
Places I've never seen

When she smiles at you
She smiles at me
When she smiles at you
She smiles at me

There's little left to understand
She waves goodbye with her two good hands
From the feelings that won't go away
You'll need them all again one day

When she smiles at you
She smiles at me
When she smiles at you
She smiles at me

When she smiles at you
She smiles at me
When she smiles at you
She smiles at me

She smiles at me
She smiles at me
She smiles at me

Foreign countries on a wall
Left over from a dream

Foreign countries on a wall
