I can still remember you
Like a wish that won't come true
All the rumors do add up
Do they always?

Still water does run deep
Your currents pull me through my sleep
It goes away but then comes back
Will it always?

When we wonder what we are
(Something is wrong now)
Somewhere distant on a star
(I can believe)
Don't look down if you're afraid
Do we always?

Still water does run deep
Your currents pull me through my sleep
It goes away but then comes back
Will it always?

When we wonder what we are
(Something is wrong now)
Somewhere distant on a star
(I can believe)
Don't look down if you're afraid
Do we always?

I can still remember you
Like a wish that won't come true
But all the rumors do add up
Do they always?

Still water does run deep
Your currents pull me through my sleep
It goes away but then comes back
Will it always?

Will it always?
Will it always?

Will it always?
