I'm looking for people  
That I used to know  
And I'm looking for places  
We used to go

I'd promise the changes  
I'd never change me  
No matter how distant  
We seemed to be  
We used to be children  
And I'd never forget  
When we played in our circles  
But that game's not over yet

The neons too bright  
The world's too fast  
The cities at night  
And the stores behind glass  
The streets in the rain  
And the field back home  
They're never the same  
So now I'm alone

I'm looking for people  
That I used to know  
And I'm looking for places  
We used to go  
We used to go  
We used to go  
We used to go  
So long ago  
So long ago
