I believe in a better land
Place of peace in the golden sand
Windy streets in the summertime
Cloudless day when I feel fine

We all move on and on and on and on
We all move on and on and on

Leave the past with a lonely girl
Who begs for love from an empty world
Learned my lessons and I've learned them well
I drank the water from the wishing well

We all move on and on and on and on
We all move on and on and on and on

My first kiss at sweet sixteen
The prettiest eyes I've ever seen
We used to sit around and laugh all day
And dream of all the things we'll be someday

We all move on and on and on and on
We all move on and on and on and on

We all move on and on and on and on
We all move on and on and on and on and on

We all move on and on
We all move on and on and on and on
