Your shadow passes by, INVOLUNTARY MOVEMENT.  
A straight back and suggestive eye....  
And for my part....  
L don't see any harm in staring....  
Clothes tell lies....  
L noticed....Mascara lines....I noticed....  
Don't be cool.  
They're not filming you.  
This woman's spending the vast proportion of her time  
in chains....  
A warm horizon is no compensation for a wasted day....  
And for my part....  
L don't see any harm in staring-  
Clothes tell lies....  
L noticed....  
Mascara lines. I noticed.  
Don't be cool. They're not filming you.
