When you just give love and never get love

You better let love depart

I know it's so, and still I know

I can't get you out of my heart

You made me leave my happy home

You took my love and now you've gone

Since I fell for you.

My life has been such misery and pain

I guess I'll never be the same, since I fell for you.

Well it's too bad, and it's too sad

That I'm in love with you

Well you loved me and then you snubbed me

But what can I do, I'm still in love with you.

I guess I'll never see the light

I get these blues most every night

Since I fell for you.
