"Wide Awake"

Maybe I was dreaming when I saw your beautiful face,
But now I'm wide awake, now I'm wide awake
and I can't fall asleep again
I have loved long before we met
But I didn't know
Now I'm wide awake
Now I'm wide awake
and I cant fall asleep again
Maybe I was sleeping every second of my life
I was in a daze
but now I'm wide awake
now I'm wide awake
and I can't fall asleep, asleep
Yeah x 12,
Now my eyes have opened on this world
and I can see theres nothing in it for me
and I'm so tired
but now I'm wide awake
now I'm wide awake
and I cant fall asleep
Yeah x 12
maybe I was sleeping when you walked your pretty face
into my world
but I am wide awale and I cant fall asleep again
yes I'm wide, Yes Im wide yes I'm wide awake
