Wayne Watson

Heavenly Father--Have You got a moment

There's something I don't understand

How from Your window--Watchin' Your children

You hold back the wrath of Your hand

Does Your window pane--Bear a lasting stain

That a sinful rain can't wash away

Chorus

His gaze always passes thru rose coloured glasses

Everytime He looks on my heart

And thru love's forgiveness

Thru purity's fire

I am my God's desire

Heavenly Father--Just one more question

I don't mean to take so much time

But tell me--How much did it hurt You

To give from Your garden

The most lovely rose from Your vine

When the petals fell--When the colours ran

Was it then and there You first saw me holy

Chorus
