Everything isn't what it seems, wanting you wasn't in  
the plan,

but here we are again closer then ever before,

He has given me the life I have and taken the life I  
lived,

Tell me is it the same for you?

Can you walk away again?

Take what we know is true,

Can you say she is all you ever needed?

Because I know,

We are so much more together

I know my world was better with you,

I know the obsticals,

And I know I'm in love with you...

If there ever where two people who needed to be  
together,

tell me that we are them, Can you tell me you've never  
looked back

and wounder if what we had was what should be? Can  
you tell me when our eyes meet

evry time we just see the other across the room,

the electricity isn't cutting you through,

Because I know

We are so much more together  
I know my world was better with you,  
I know the obsticals,  
Tell Me now before it's too late,  
As we stand here wanting knowing pleading,  
You know it's true,  
We are so much more together  
I know my world was better with you,  
I know the obsticals,  
Our world was so much better,  
Our hearts where closer,  
our love real accepting,  
We are so much more together  
I know my world was better with you,  
I know the obsticals,  
because I know, I'm still in love with you...  
In love with you
