"Until The Record Breaks"

I saw you standing by the stack of forty-fives
Looking at 'I want you back' by the Jackson Five
I really want to show you my affection
As we flip through my record collection

I want to hang out with you
Play it all day
Fall into the words they sing in 'Every Breath You Take'
I want to turn it up loud, get carried away
You and me in synchronicity
Until the record breaks

I saw you crack a smile then turn the other way
When the speakers in the record shop were playing
Marvin Gaye
Let's get it on, let's get it on

I want to hang out with you
Play it all day
Fall into the words they sing in 'Every Breath You Take'
I want to turn it up loud, get carried away
You and me in synchronicity
Until the record breaks

I just want to come together
Dancing in the living room
On a sunday afternoon

I want to hang out with you
Play it all day
Fall into the words they sing in 'Every Breath You Take'
I want to turn it up loud, get carried away
You and me in synchronicity
Until the record breaks
