I don't wanna spend my nights alone, away from you.
Cause I miss you baby, and I need to be sure you know.
You know, I'm so in love with you.

I can't feel nothing, no I can't feel a thing.
You know I love you baby, but you left me to hang.
All I needed was an answer, just an answer. Would you
Let me be the one, your private dancer? Uh..
No more nights of walking single in the rain.
A loveshack baby
No more misery and pain.
With my arms around
And the love you deliver.
I wish I had you back, cause my mind's in the shiver.

Love is all that you need, just give it to me.
And I'll make you see there's nothing like it, love..
Just reach out and touch.
I want you so much, I know you wanna do it too..

Na na na na na...

For sometime you have been gone and I wonder.
I feel I gotta know cause I feel am going under.
What you think about me babygirl?
You know I wanna be the one to give you the world.
It's not easy being by myself all the time.
I wanna have you close, not an image in my mind.
Ain't a thing in the world I wouldn't do, it's true.
It's like that ya'll girl, I got the hots for you.

Love is all that you need.
Just give it to me.
And I'll make you see there's nothing like it, love..
Just reach out and touch.
I want you so much, I know you wanna do it too..
Na na na na na...

I don't wanna spend my nights alone, away from you.
Cause I miss you baby, and I need to be sure you know.
You know, I'm so in love with you.

I'm in love with you baby you're driving me crazy
I'm so in love with you... X 4
