Come, Come
Dropping off the radar
Come, come
Dropping off the radar

Lost illusions
Try the best that you can do
You might get another chance
Burn my leather coat
I need to change my suit
You don't listen to a single word i say

Lies+ hidden codes= what they do
and you're the victim of the crime

Come, Come
Dropping off the radar
Come, come
Dropping off the radar

Getting ready for the basic interview
They told me not to cross the line
I lost the evidence, I'm running out of clues
That much I would of sacrificed

Lies+ hidden codes= what they do
and you're the victim of the crime

Come, Come
Dropping off the radar
Come, come
Dropping off the radar

Lately, I'm not expecting you
Please forgive me
For stuff I didn't do
I sure was gonna...

Come, Come
Dropping off the radar
Come, come

Dropping off the radar

They're too many fingers
On the trigger
Guess how to play this game
Before you lose it
Theres nothing I can do about it

You're starting to fall...
Fall in a deeper state...
Watch out
