"Nobody Knows"

Camera flash and the lights go out
I forgot what I was praying about
People come and people go
Where they go, nobody knows
Nobody knowsâ€¦ (x3)

Everybody's talking about the latest buzz
I wasn't listening, to what it was
Pay attention, and the tension grows
Where it grows, nobody knows
Nobody knowsâ€¦ (x4)

Nobody shows you if they love you
They only try so hard, to be above you

Everybody's lookin' at the pretty boy
The one who's making all the noise
He don't read much, and it shows
Ladies don't love him for what he knows
For what he knows (x3)

He never shows you if he loves you
He only tries so hard, to be above you

It's getting late, so I turn in
Nothing happened yet again
I'm just waiting on love to show
Where it is, nobody knows
I'm just waiting on love to show
Where it is, nobody knows
Nobody knows (x3)

Nobody shows if they love you
They only try so hard, to be above you

La la la, la la la, la la la, la la la
La la la, la la la, la la la, la la la
La la la, la la la, la la la, la la la

â€¦nobody knows
â€¦nobody knows

â€nobody knows
