I see you stepping on the scene
Face straight from a magazine
Saying it ain't easy, baby it ain't easy
Just being me
You know I got to change your tone
I'll Show you things I've never shown
Baby it ain't easy, baby it ain't easy
You put your game on me

[Chorus]

You know what I want and you need it babe, you need
it, whatever you want, whatever you need I'll be the
savior give me your disease! There's gonna be some
healing, wanna give you that feeling, mama don't be
late, hey little baby don't you walk away cause I wanna
see what's going on, what's going on

You got me looking for a sign
Don't leave me hanging on your line all the time
It ain't easy, baby it ain't easy just being me

[Chorus]
