Verse 1:

When I close my eyes only for a moment  
I can see the light, but the darkness is calling  
Pulling me down, taking me up to emptiness below.  
I can't hold it back, I'm letting go of the innocence  
again.

Chorus:

And if you ever feel ashamed,  
Like you're the one to blame  
And the weight of all the world  
Is on your shoulders crushing you.  
When the walls are closing in  
You gotta fight it from within  
Will you rise above the pain  
Or will you simply come undone?

Verse 2:

Every single lie, every promise broken  
It leads me to the other side, all the life going no where  
Pulling me down, taking me up to the emptiness below  
I can't hold it back, can't let it go  
Will I ever live again?

Chorus:

And if you ever feel ashamed,  
Like you're the one to blame  
And the weight of all the world  
Is on your shoulders crushing you.  
When the walls are closing in  
You gotta fight it from within  
Will you rise above the pain  
Or will you simply come undone?

I found a little salvation there under the midnight sun  
I gotta fight this fear inside of me 'cause I got no where  
to run.

Chorus:

And if you ever feel ashamed,  
Like you're the one to blame  
And the weight of all the world

Is on your shoulders crushing you.  
When the walls are closing in  
You gotta fight it from within  
Will you rise above the pain  
Or will you simply come undone?

Will you rise above the pain or come undone?
